Roni,

Jocelyn and I would be happy to sit down with you on Monday. I wrote the minutes for 6/15. Perhaps we could meet at Jackson Landing. We have a meeting at 10, so perhaps 9 would work for you?

Krista

Hello,

I was hoping to give you all the opportunity to comment on the recent decision to update the nonpublic minutes, why it was done and how the up to \$185,000 will be distributed between Colter and legal fees. I also wanted to give you the opportunity to comment on how the decision for the mutual agreement came up and how you feel about making the announcement at last Wednesday's meeting.

Anything else you would like to add about community comment or about Colter leaving would also be appreciated.

Thank you for your time
