Dear Fellow Board Members,

I hope you are all taking the RTK requests that have come in as seriously as I am. As you know, the district has five days to comply. Wendy, please correct me if I am wrong, but the board has to supply any emails sent or received that have to do with a) hiring an interim superintendent, b) any emails that have any reference to non-meetings (beginning January 1, 2011), including any non-meetings referencing hiring any lawyers, c) buying out the superintendent d) the hiring of lawyers or consultants to facilitate the buying out of the supt. .

Print out any relevant emails and give them to Wendy. The Right to Know legislation is very strict in NH and gives the people a great deal of leeway in their "right to know". [REDACTED]. Please make copies of all correspondence, even if it is only to one or two other people. you may not know that another board member forwarded that email and it was thus seen by a quorum. [REDACTED]

I have already turned my emails in, and in many of these emails all of us were copied. I certainly hope this board will be in full compliance with all RTK requests within the five day period.

Thank you.

Ann
