To Henry, Ann and Members of the ORCSD School Board,

Non public minutes from your 6/15 meeting note that there was a motion to spend funds from the unspent surplus fund balance. The law states that minutes from non-public sessions must include any decisions reached by the body. I am sure the Chair is aware that a board can not selectively decide what to include when recording an actual motion that was made and voted upon. Since there was no mention made of a specific figure, and no further minutes regarding discussion not to disclose a figure, can the public assume there was no figure included in the motion?

I hope to hear from you soon.
