Dear School Board members,

We are hoping that there is a good reason for the fiscally ill-timed decision to pay an extra superintendent salary and associated legal fees for the buyout. We look forward to that reason being revealed on June 30th. While we are withholding judgement on that move, we are dismayed at the apparent secrecy in which the school board has been operating over the last several months. Until the past few months, we paid little attention to the school board activities; given the nearly daily news about one controversial decision after another we are now attentive and unhappy. A well-respected principal is gone, a well-respected superintendent has been bought out, and it appears there is an agenda at work that is known only to you. There needs to be more transparency.
